NEWS & EVENTS

- WITH ANNEMARIE MANDERS

Welcome to the latest edition of the Warratina Lavender Farm Newsletter. With shorter days, freezing temperatures and cold, dark mornings, it's no wonder that winter can sometimes leave us feeling a little tired and low. Grey skies and cold, rainy days without much sunshine can leave us all feeling the winter blues.

Winter blues describes feelings of low mood, lethargy and mild depression, which tend to strike during the dark winter months. Experts recommend a number of ways to help combat the winter blues including exercise, eating a healthy diet and getting outdoors more often. However Lavender is also a great way to help lift your mind, body and spirit.

Lavender is a highly popular and versatile essential oil that has a relaxing, calming effect on your body and a reassuring, uplifting effect on your mood. It can also aid a restful sleep if you are particularly stressed or anxious. There are many ways to use lavender oil:

Mix 5-10 drops of lavender oil together with 10ml of carrier oil, such as sweet almond for a delightful massage blend before bed. Add a teaspoon of your massage oil blend to your bathwater to sooth tired muscles. You can even add several drops of essential Lavender oil to your diffuser or vaporiser and enjoy the scent throughout your home.

ABOUT WARRATINA LAVENDER FARM

Warratina Lavender Farm had its beginnings in 1991 when Annemarie Manders decided on growing lavender for a hobby on a little plot on land which had once been an old cherry orchard. Today the farm has over 10,000 lavender plants and caters to tourists from around the world with warm hospitality and beautiful products.

Warratina Lavender Farm is situated in tranquil surroundings in the Yarra Valley foothills of the beautiful Dandenong Ranges. Walks can be enjoyed through the fields of lavender and display gardens. See how the plants are commercially grown and explore the beautiful range of products available in the gift shop and enjoy a meal at the Tea Rooms.
